Color Show

Each bloom has a specific A.D.S. number associated with it. This number specifies the size, form and color of the bloom. All grower classes will use the same A.D.S. number for entries and **it is therefore important to mark your grower classification on the entry card.**

Use the ADS Classification Book or the chart on page 12 for classification numbers. (The Pacific Southwest Dahlia Conference exceptions are on page 13 under Classification Supplement.)

Example: A bloom classified as “B-SC-Y” (B-Semi Cactus-Yellow) such as Hamari Accord, has the A.D.S. number 2202. When showing a Hamari Accord, Novice, Amateur and Open to All, entrants will use 2202 as the class # on the entry cards. A White Waterlily such as Porcelain has the A.D.S. number 7301. All grower classes will use 7301 as the class # on their entry cards.

Two (2) entries per class are allowed. That is, you may show two different BB-FD-Y, two different BB-FD-R, etc.
